KONICA MINOLTA

Giving Shape to Ideas

From your fingertips to the cloud.

**cloud**

connect. How you store, share, secure and access information
is key to your business' growth and success. That's why Konica Minolta's
FileAssist solution puts your data storage right where you need it—at
your fingertips. Think of us as your own private cloud, letting you store,
share or backup files and data instantly online—and then access them
at anytime, from anywhere in the world, on any device, even from your
bizhub® MFP. The Konica Minolta FileAssist solution allows you to
collaborate easily and more efficiently, linking people, practices and
workflow all while reducing risk, cost and complexity. It's just another
way that Konica Minolta gives shapes to ideas—right in the cloud.

FileAssist

## **connect** to the cloud directly from your bizhub MFP.

Konica Minolta FileAssist Connectors allow you to scan, index, print and store important information from your bizhub MFP into FileAssist—quickly and conveniently. All from the touch of a button on your control panel. We offer two types of connectors to FileAssist, each providing flexible options for your business needs:
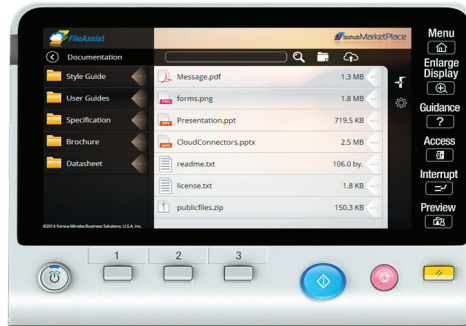

### Dispatcher® Phoenix FileAssist Connector
Our advanced document workflow application, Dispatcher Phoenix, already streamlines and automates document processing tasks. Now with the FileAssist Connector, you can also scan, index, process and route files to FileAssist automatically—or right at the MFP control panel. Your users can Bates stamp, redact, highlight, rename, annotate, split, auto-index files and more. Then upload to FileAssist. This feature-rich connector leverages the power of FileAssist and increases the power of your organization's document workflow.

### bizhub® Connector for FileAssist App
The bizhub Connector for FileAssist app is the newest offering from the bizhub MarketPlace, Konica Minolta's cutting-edge platform for apps specifically designed for access and use at the MFP control panel. The bizhub Connector for FileAssist allows you to easily and quickly log into FileAssist, scan to or print from your FileAssist account in the cloud and perform basic file and folder functions. Featuring a finger-swipe touch control interface, this cost-effective app maximizes your productivity and helps you work smarter.

With FileAssist Connectors, you're in control from the touch of a button on your bizhub MFP.
